Multi-Purpose Automatic Transmission Fluid – ATF

DESCRIPTION:

Mile Master Multi-Purpose ATF is an automatic transmission fluid for use in GM automatic transmission units such as those requiring DEXRON®III, DEXRON-IIE, DEXRON-II, and DEXRON fluids; and it is also recommended for Ford MERCON ATF. Further, it meets the performance requirements for Allison Transmission Division C-4.

QUALITIES:

MileMaster Multi-Purpose ATF has the following qualities:

- Superior cold temperature performance characteristics.
- Wide range of seal compatibility.
- Excellent wear protection.
- Excellent frictional characteristics.
- Fortified against rust and oxidation.
- Dyed red for easy identification.

APPLICATIONS:

MileMaster Multi-Purpose ATF is recommended for use in automatic transmissions of General Motors and Ford, and other U.S. and foreign cars and trucks requiring DEXRON-III, DEXRON-IIE, DEXRON-II and Ford MERCON ATF. This product is also suitable for use in powershift transmissions, torque converters, hydrostatic transmissions, and applications such as air compressors, hydraulic pumps and other types of service where an ATF is recommended.
