

CITGO TRANSGARD® SYNTHETIC BLEND MULTI-VEHICLE ATF

Date 1/09

DESCRIPTION: CITGO TRANSGARD® Synthetic Blend Multi-Vehicle ATF contains the highest quality synthetic and mineral oil base stocks combined with a state of the art additive system to provide superior performance in automatic and powershift transmissions. It is licensed as a Ford Mercon V® ATF and is suitable for use in transmissions calling for Ford Mercon® (obsolete), General Motors Dexron® IIIH (obsolete), and Allison C-4 type fluids. CITGO TRANSGARD® Synthetic Blend Multi-Vehicle ATF is also recommended for all Chrysler automatic transmissions (except those listed below).

- BENEFITS:**
- Superior oxidation and thermal stability
 - Outstanding anti-wear performance for protection of transmission hardware
 - Excellent cold temperature flow properties
 - Compatible with seal materials to prevent transmission leaks
 - Exceeds JASO 1A for Anti-Shudder protection and durability
 - Can be used in most vehicles
 - Provides inventory optimization (multi-vehicle compatible) without the use of ATF supplements

APPLICATIONS: CITGO TRANSGARD® Synthetic Blend Multi-Vehicle ATF is recommended for applications require:

- Toyota, T, T-111, T-IV
- Nissan Matic-D, Matic-J, Matic-K
- Honda Premium ATF, ATF-Z1 (except CVT's)
- Mitsubishi/Kia/Hyundai SP, SP-II, SP-III
- BMW LA2634, LT71141
- Mercedes-Benz 236.9, 236.10
- Chrysler, Dodge, Jeep, Plymouth except NAG1 that requires Shell 3403 ATF
- Allison C-3 and C-4
- MERCON, MERCON V
- DEXRON, DEXRON II / IIE, DEXRON III G and H

Do not use CITGO TRANSGARD® Synthetic Blend Multi-Vehicle ATF in vehicles calling for Type F, DEXRON VI, MERCON SP, Toyota/ Lexus WS, Mercedes Benz 3403-M115, BMW 1375.4, or Volvo 1161540-8, and CVT's. Check the owner's manual and/or dipstick for exact specification.
